PROFESSIONAL SUMMARY

Driven 16-year-old software engineer and technology manager with a strong foundation in modern web technologies and bespoke private software development. Experienced in managing retail tech operations and leading innovative community projects, including a prominent Kurdistan tourism initiative featured on Rudaw Media Network. Recognized for global STEM leadership by the Stevens Initiative and World Learning.

PROFESSIONAL EXPERIENCE

Technology Manager | Mobile Shop Operations 2020 – Present

- Manage technology hardware and software inventory, direct technical customer solutions, and oversee digital store operations including Point-of-Sale (POS) systems.

Software Engineer | Private Software Development 2022 – Present

- Architect and develop bespoke private software applications, automation tools, and full-stack web modules utilizing C#, Java, and modern web frameworks.

KEY PROJECTS & INITIATIVES

Kurdistan Tourism Digital Platform | Lead Developer & Creator 2026

- Developed a comprehensive digital platform promoting regional tourism in Kurdistan. The project gained significant media traction and was officially featured and streamed on Rudaw.net, reaching a wide international and local audience.

Community Google Maps Contributor | Local Guide Ongoing

- Consistently contribute verified community maps data, local business insights, and accessibility reviews to improve digital navigation in the Sulaymaniyah region.

PROGRAMS & LEADERSHIP

The Experiment Digital (Stevens Initiative & World Learning) | STEM Leadership Summer 2025

- Completed an intensive program focusing on digital citizenship, leadership, STEM career exploration, community action, and intercultural dialogue. Earned 6 distinct leadership badges (Reflective Leader, Community Advocate, Range Extractor, STEM Champion, Digital Citizen).

TED MENA Program | Distinguished Credential Earner 2025

- Earned special recognition for innovative youth project work, presentation skills, and public speaking in a globally recognized format.
